Background: The Local Enforcement Agency (LEA), the County of San Diego Environmental Health Department deemed an application for the proposed Gregory Canyon Landfill complete and correct on February 1, 2011 and submitted a proposed solid waste facilities permit to CalRecycle on May 16, 2011. The proposed permit is for a 308 acre landfill on a 1,770 acre property; 5,000 tons of municipal solid waste per day with a 1,000,000 ton per year maximum; daily traffic volume of up to 675 vehicles per day; and operating hours from 7:00 am to 6:00 pm Monday through Friday, Saturday 8:00 am to 5:00 pm.

The LEA held an informational meeting regarding this facility on February 23, 2011 at 6:30 pm at the San Diego County Public Library, 124 S Mission Road in Fallbrook. All comments received during the LEA's informational meeting have been forwarded to CalRecycle and will be a part of the record considered prior to taking action on the proposed solid waste facilities permit.

This workshop is open to all interested parties to provide comments regarding the Gregory Canyon Landfill and CalRecycle's regulatory responsibility for the processing of the facilities permit. All comments received during this workshop will be reviewed and considered by CalRecycle.
